Job Seeker Screens

When signing up for the first time this is what job seekers would see

Once they had clicked 'Request Access' they would see this screen

Once a user had been extended an invitation via email, they would see this screen

Users could skip this step, but need to add this information before applying for a job

Users see this page once they had signed in. For MVP, it would show non-specific open tech jobs

This is the job detail page

This is the settings page. To make changes to their profile they would need to click 'edit'

This is the account deletion confirmation screen

Job Poster Screens

When signing up for the first time this is what job posters would see

Once they had clicked 'Request Access' they would see this screen

Once a user had been extended an invitation via email, they would see this screen

This is the job dashboard for job posters

This is the job posting form

This is the job posting confirmation with a share link

This is the settings page. To make changes to their profile they would need to click 'edit'

This is the account deletion confirmation screen
